

## Breakfast Service

compact, versatile...mobile

### Performance Plus Service

The new **BURLODGE**<sup>®</sup> Breakfast Service carts meet the needs of today's ever changing healthcare market. Custom built and designed following recommendations from healthcare professionals, the ergonomic Breakfast Service cart allows either patients or residents a point of service menu choice. Delivered to the patient/residents room or dining area, the hospitality assistant personally assists each patient/resident with their menu choice.

### FEATURES

-  Increased patient satisfaction
-  Point of service menu choice
-  Increased personnel contact with patient
-  Paperless menu offers greater flexibility
-  Improved employee job satisfaction
-  Reduces the demand for late trays
-  Reduces food waste

### SPECIFICATIONS

Construction shall have all welded sub frame and chassis constructed of 304 # 4 stainless steel throughout. Sub frame shall be 12 gauge with 18 gauge side panels and supports.

Doors shall be accented green laminated melamine, with retaining opening/closing latches enclosed within.

Accented sided and front green laminated panels match door finish.

Laminated top provides efficient work surface, easy to clean and maintain.

Interior stainless steel tray supports accommodate 1/2 size **BURLODGE**<sup>®</sup> breakfast trays (Ref # 920.00.30). A second complement of tray supports accommodate cup and bowl racks 20" x 20".

Customized designed, highly polished stainless steel side rail acts as a push handle and supports condiment overshelf.

Overshelf designed to accommodate 1/3 size containers for various condiments (containers optional).

Bumper, wrap around non marking, heavy duty bumper, shall protect the complete cart at the base.

Casters, unit shall be mounted on 6" (160 mm) double bearing casters, 2 fixed and 2 swivel c/w brakes. Special caster configuration allows cart to turn easily through 360 degrees in a small turning circle.

Casters, unit shall be mounted on 6" (160 mm) double bearing casters, 2 fixed and 2 swivel c/w brakes. Special caster configuration allows cart to turn easily through 360 degrees in a small turning circle.
