

Soiled Tray Busing Cart

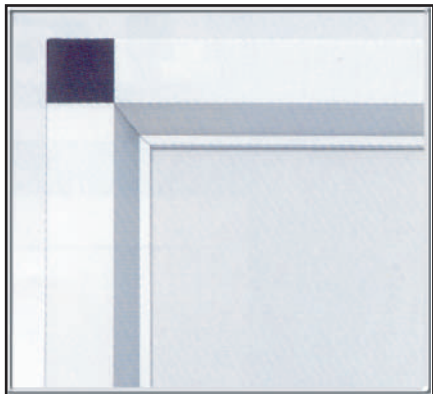

light, manoeuvrable and easy to clean

Tray carts, single compartment, with 2 x 7 support rails for cafeteria trays.

These attractive aluminium carts are designed especially for dishware returns and food service. The new Busing Cart Equipment range meets the highest demands of volume catering, cafererias, restaurants and similar foodservice operations. The main design criteria were load bearing capacity, manoeuvrability and ease of cleaning.

BURLODGE® combines the above design criteria with high quality workmanship, to produce a comprehensive product range with flexibility of use. Elimination of unnecessary weight has ensured excellent manoeuvrability. The carts are constructed from a specially profiled anodised aluminium tubular frame which holds decorative side panels..

Specially profiled beveled frame for easy cleaning

Neither joints nor edges interrupt the special retaining bevel, so that the trolley is very easy to clean. Simply wipe over with a sanitizing solution.

The most diverse transport problems can be solved with a comprehensive range of equipment.

The tray supports are made of corrosion proof high quality stainless steel with round profile: they are firmly fixed to the frame with no joints or edges, providing a hygienic, easy to clean assembly.

Easy handling is guaranteed by four large swivel wheels, 5" dia (125 mm), with insulation gap.

Swivel wheel with lock

Two lockable wheels ensure stability, while solid disc bumpers protect against damage on all sides.

The carts are available in various finishes to compliment your decor at no extra charge (colour chart).

MODEL NO.	NO. OF TRAYS	SPACING BETWEEN TRAYS	DIMENSIONS		
			WIDTH	LENGTH	HEIGHT
TWALU-1/12	12	7" (175 mm)	25" (665 mm)	32" (815 mm)	57" (1450 mm)
TWALU-1/14	14	6" (150 mm)	25" (665 mm)	32" (815 mm)	57" (1450 mm)
TWALU-1/18	18	5" (125 mm)	25" (665 mm)	32" (815 mm)	57" (1450 mm)
TWALU-1/22	22	4" (100 mm)	25" (665 mm)	32" (815 mm)	57" (1450 mm)
